Hereby we have a pleasure to propose our activity in way of horizontal transferring heavy goods in ashore and offshore environment.

Our specialties are:

- Load out and on of heavy goods,
- Sea going and inland transportation,
- Launching of any types of vessels,
- Tanks transports,
- Specialized oversize transport,
- Service for harbors and shipyards,
- The weights we are dealing with are up to 3.000 t,
- Ballasting of the floating objects

Subject above we are providing entire service with stability and load technical documentation, with our own equipment and transport.

We assuring you our professional service and competitive prices at European Market.

In case of any interest our staffs are in your disposal under following data:

Mr. **Andrzej Sobiborowicz** – Head of Contracting Department, sobiborowicz@odys-yard.com +48 507 015 143

Mrs. **Katarzyna Chibowska** – Purchasing and Subcontracting Department, iso@odys-yard.com +48 502 047 890

Mr. **Waldemar Niewiński** – Engineering Office Manager, niewinski@odys-yard.com +48 500 207 343

We will answer any enquiry you may have, prepare commercial offer and preliminary calculations free of charge.

We can do much more than heavy lift cranes and can provide better service than our competitors.

With kind regards,

Robert Studziński – Managing Director
